BRUTES RAVISH HELPLESS GIRL.

Two Men Assault Telephone Operator.

Victim Positively Identifies Prisoners.

Crowds Surround Jail, Lynching Feared.

THE ASSOCIATED PRESS—P.M. SANTA FE (N. M.), Feb. 11.—(Exclusive Dispatch.) While on her way home at an early hour this morning, Miss Margaret Carling, employed as night operator by the Bell Telephone Company at Las Vegas, was attacked by two men, who gagged her with a handkerchief and carried her into a dark alley, where, after brutally beating her, each in turn ravished the helpless girl.

As the brutes were about to carry her to a vacant house near by, where they intended to repeat the outrage, she managed to sink her teeth into the hand of one man, forcing him to release her head. She then made an outcry, which frightened the men, and they fled. Her screams brought help.

When rescued the girl was found practically insane from fright, her clothes almost stripped from her form, and she was bleeding from a dozen wounds inflicted by the blows of her assailants. She gave good descriptions of the men who assaulted her, and this afternoon the police arrested Felipe Garcia, a Mexican, and Frank Brown, half-breed Mexican. The men were taken before Miss Carling, who positively identified them. They were placed in the County Jail under heavy guard.

Tonight large crowds surrounded the jail, and it is believed the men will be lynched unless the prisoners are spirited away. To prevent lynching, steps are being taken to call out troops of National Guards stationed at Las Vegas.

The victim is in a precarious condition, and her death would no doubt cause indignation among those who take the law into their own hands.

TRAIN WRECKER CONFESSES.

Suspect Breaks Down and Tells of Several Similar Crimes but Refuses to Tell Why.

BUTTE (Mont.), Feb. 11.—The mystery which surrounded the attempt to wreck the Oregon Short Line trains early yesterday morning was cleared up today when Pat Gordon, aged 24, of Butte, one of the suspects, broke down and made a clean breast of the entire matter.

He admitted throwing the switch which derailed the freight train and also confessed that he put the ties on the track in front of the south-bound train which left Butte shortly after 2 o'clock.

He denies having placed the ties on the track in front of the incoming train, and the only explanation offered by him for his act is that he was drunk at the time, and did not realize what he was doing.

He denies having any grudge against the road, although he admits having had a quarrel with a former section boss who "sleeked" dogs after cows that Gordon was milking.

Gordon confessed this afternoon that he placed a bolt and stones on the track in front of the incoming train, and was taken to jail.

EMBEZZLEMENT CHARGED.

CUSTOMHOUSE CASHIER JAILED.

NOGALES (Ariz.), Feb. 11.—A sensational case was created here by the arrest of E. L. Cromwell, cashier at the United States Customhouse, on a charge of embezzlement.

The alleged shortage is \$2500. The arrest was the result of an investigation conducted by Hon. C. W. West, ex-Governor of Utah, special agent of the Treasury Department.

Tevis, on September 19 and January 14, in connection with his transactions with the former Board of Supervisors, were today set for trial by Judge Dunne for Wednesday, February 19. In each case the complaining witness is E. P. E. Troy.

Where Grapes Flourish Without Irrigation

The above is an actual photograph of the raisin vineyard of J. W. Guilbert at Corcoran. It thrives vigorously, entirely without irrigation. When one considers that grapes pay from \$100 to \$200 per acre and that grape land in the Corcoran district may be secured now for considerably less than \$100 per acre (in fact a few places farther from town at from \$25 to \$45), the profit on an investment of this character may be realized. Owing to the exceptional demand for land in the rich Corcoran district, and because of the exceptionally low prices that have been prevailing, a strong advance will be made in a few days. An opportunity to see the agricultural features of Corcoran will be given by the excursion tonight at 8:30. Register now for tickets with NEWPORT & MILNER, General Agents for Security Land and Loan Company, Offices at 357 South Spring, Corner Fourth.

convention has not been concluded prevents, for the present, the evacuation of the Chinese Valley by the British troops. This delay tends to bring Great Britain into conflict with the Anglo-Russian convention, which regulates the respective interests of those two powers in Tibet, Afghanistan and Persia, and which China is using for the purpose of reducing Great Britain's right in dealing direct with the Tibetans to the minimum. China has admitted the Tibetan text of the convention on written assurance that this text is for the purpose of elucidation and now is striving to secure an exact definition of Great Britain's relation with Tibet.

The throne has authorized uniform punishments for Manchu and Chinese offenders.

RAILROAD RECORD. DELAY REBATE INVESTIGATION.

Railroad Commissioners Wait
for Espee Man.

Postpone the Inquiry Until
Next Month.

Sumnerland Thinks Hearing
Will Be Long.

(BY THE ASSOCIATED PRESS.—P.M.)
SAN FRANCISCO, Feb. 11.—The
Railroad Commissioners, Irwin
of Mayfield, Loveland of San Fran-
cisco and Sumnerland of Los Ange-
les, met today and decided to postpone
the rebate investigation until March 5,
at which time they have been assured
George W. Luce, one of the freight
agents of the Southern Pacific, will
be back from Chicago and avail-
able for one of the most important wit-
nesses to be examined.

"Look for a long trial," remarked
Commissioner Sumnerland. "There
will be much evidence, many wit-
nesses, postmortems and delays, and
the hearing representing different
views will think the investigation may
last months and months. But, knowing
the investigation is to be made,
individuals in the State who have
nothing to offer, or any kick to make,
should come forward or be represented
at this time. We simply sit as a board
of judgment. The traffic associations
and shippers should be prepared to
present their charges; the railroad should
be ready to answer."

There will be some lawyer from the
Attorney-General's office representing
the commission. O. K. Cushing will
represent the traffic association of
California. Peter P. Dunn will prob-
ably represent the Southern Pacific. But
after the Southern Pacific we are also
to investigate similar charges of rebat-
ing made against the Santa Fe and
the Great Northern. The latter is the
only one of the three which is not
represented at this time.

In the course of routine business the
commissioners completed at today's
meeting an inspection and endorsement
of the freight schedule of rates of the
Southern Pacific, the Ocean Shore, the
San Joaquin, the Palmar Valley
and the Nevada-California
freight road. With the formal in-
spection of the Santa Fe and the
Great Northern the last of the list of
roads was completed and
before each officially established
its rates for the first of the month.

MORE SUITS FILED.
SAN FRANCISCO, Feb. 11.—The
Attorney-General's office today
filed more suits in the Federal
district court today under the safety
act of March 2, 1903.

Against the Southern Pacific, for
violations of the act, the suits
charge all cars to be equipped

yesterday did the officials in charge
of the work announce that the line
was nearing completion to handle all
the traffic obtainable.

The Western Pacific connects with the
Ely Northern about 40 miles from Ely,
and from there runs over the Ely North-
ern into the copper country.

This is believed to be the connecting
link for the Western Pacific for a di-
rect line into Goldfield and Tonopah,
a survey for a line between Ely and
those camps now being under way.

TIP FOR TOURISTS.
Central and Western Passenger As-
sociations Agree Upon Rates for
Coming Summer.

(BY DIRECT WIRE TO THE TIMES.)
CHICAGO, Feb. 11.—(Exclusive Dis-
patch.) At a joint conference today of
the committees appointed by the Cen-
tral Passenger Association and the Cen-
tral Western Passenger Association, it
was decided that the summer tourist
rates during the coming season.

At the general meeting of the Cen-
tral Passenger Association to be held
tomorrow, the committee will recom-
mend that the same summer tourist
rates be granted as were in effect last
summer. In some cases such rates
will not be much if any lower than the
rates now in effect. In other cases
there will be a considerable reduction.
It is expected that the rate from
Chicago to the Colorado common points
will be \$50, which is the rate of last
year. This rate, if put into effect, will
be the key to the entire western situa-
tion.

TO ENFORCE NINE-HOUR LAW.
COMMISSION REFUSES DELAY.

(BY THE ASSOCIATED PRESS.—P.M.)
WASHINGTON, Feb. 11.—An im-
portant announcement was made today
by the Interstate Commerce Com-
mission respecting its attitude toward the
request recently made by the operating
vice-presidents of the railroads of the
United States, that the so-called nine-
hour law, relating to the employment
of train dispatchers, telegraph opera-
tors and tender men, be suspended by
the commission until such time as the
law could be amended to meet the de-
sires of all concerned.

The commission holds, in brief, that
it has no authority to suspend the time
or suspend the operation of the law ex-
cept in a particular case or cases, in
which a hearing has been held and
good cause shown for the extension
asked.

TO TAP GRAY'S HARBOR.
St. Paul Railroad After Lumber Busi-
ness in Northwest Despite Harri-
man's Franchisees.

(BY DIRECT WIRE TO THE TIMES.)
TACOMA, Feb. 11.—(Exclusive Dis-
patch.) President Earle of the Chi-
cago, Milwaukee and St. Paul has or-
dered surveys to be made immediately
for a line from Tacoma to Gray's Har-
bor, a distance of a hundred miles. It
is believed the branch will be built this
summer, enabling the St. Paul to se-
cure a share of the immense lumber
traffic of Gray's Harbor.

Aberdeen and Hoquiam are lumber-
cutting centers of an immense water-
shed drained by numerous rivers into
Gray's Harbor. It has been supposed
for two years that the St. Paul and
Union Pacific would build the joint line
to Gray's Harbor.

Aberdeen men obtained franchises
from the harbor cities and planned
paralleling the Northern Pacific to Ta-
coma. The St. Paul was negotiating
for these franchises last May, when a
New York banker, representing Harri-
man, suddenly appeared in Aberdeen
and bought them for \$600,000.

All Harriman construction in the
Northwest is now at a standstill, while
the St. Paul is working to bring men
into this State alone. President Earle
in order indicates that the St. Paul will
build to Gray's Harbor alone, and later
extend the line around Olympia Penin-
sula, where the St. Paul interests have
invested \$5,000,000 in timber lands.

SLAP AT JEROME.
Gov. Hughes Orders Attorney-General
to Prosecute Ice Trust in New
York City.

(BY DIRECT WIRE TO THE TIMES.)
NEW YORK, Feb. 11.—(Exclusive
Dispatch.) Gov. Hughes took today
the first step of his administration to
set aside Dist. Atty. Jerome as the pub-
lic prosecutor of this county. Inspired
by the positive declaration of Atty.-
Gen. Jackson that the American Ice
Company has violated the Donnelly
anti-trust law, and the Penal Code,
the Governor ordered the State Social
to present the case to the grand jury
of New York county and to prosecute
"in the place and stead of the District
Attorney."

Mr. Jerome has repeatedly declared
that no criminal intent was shown by
the ice trust. Atty.-Gen. Jackson will
appear before the grand jury sitting
this month, as soon as he can prepare
the necessary papers.

AIMED AT JAPANESE.
VICTORIA (B. C.) Feb. 11.—The new
immigration law enacted by the British
Columbia Legislature recently on the
lines of the Natal act, which applies an
educational test to immigrants arriv-
ing in British Columbia, who must be
able to read and write in English or a
language of Europe, to be permitted
to land, became a law today, when
Lieut.-Gov. James Dunsmuir assented
to the bill.

Immediate provisions were made for
the enforcement of the new law, which
is obviously aimed at the Japanese,
and officials have been appointed and
instructed to carry out its effect on all
immigrants arriving after today. There
are at the quarantine station 248 Japane-
se left there by the steamer Kaga Maru
in quarantine, 123 of whom are bound
here, and these will come under the
provision of the new law.

It is understood that steps will be
taken by Japanese or others interested
to test the validity of the new bill in
the courts, and it is considered that
following this, the Federal government
will disallow the bill as opposed to im-
perial interests.

PRESIDENT AND WIFE GUESTS.
WASHINGTON, Feb. 11.—President
and Mrs. Roosevelt were the guests
in whose honor the Secretary of the
Navy and Mrs. Metcalf entertained at
dinner tonight. Among those invited
to meet them were Mr. and Mrs. A. P.
Bowles, Mr. and Mrs. George Mc-
Near, Jr., of California, who are house
guests of the Metcalfs, and Mr. and
Mrs. George Vanderbilt of New York.

Tonight's dinner was the fifth in the
series of functions given annually in
honor of the President and Mrs. Roosevelt
by Cabinet ministers.

An appeal for a fund to maintain an
anti-home-rule campaign in Great
Britain has been issued at Dublin. It
is signed by Lord Lansdowne, the Duke
of Abercorn, the Marquis of Londonderry,
the Marquis of Ormonde, Viscount
Ireagh, Baron Ardilaun and other Irish
unionist peers. The appeal
describes the dangers to the cause of
union as imminent and asks for a large
sum of money, so that the methods by
which home rule as advocated by Glad-
stone was defeated, may be resumed.

25 DOZEN FLANNELETTE AND FLEECE KIMONOS 39c

Big Sellers at 65c, Just for a Wednesday Morning Flyer

Wednesday Sale 75c 49c
Arl Lins
Spachtel and Cut Pieces.

Beautiful designs in scarfs, size 18x34, and shams, size 36x36; spachtels and cut lins that sell over the counter at 75c in the regular way; a special purchase for Wednesday at 49c each. Third floor.

25c Ribbons 15c
Taffetas and Satins.

All pure silk; firm weaves; Nos. 60 and 40 widths; colors include sky blue, brown, navy, red, lavender and black and white. Values up to 25c, on sale today, also 1, 15c.

25 dozen of them. We wish there were five times the amount. Took all the maker had, that's the reason. Beautiful patterns in soft flannelette and fleece lined materials; some short kimonos, with scalloped edges and plain facing. Some in Japanese patterns, others in bird designs. Why, the material alone would cost you more at retail. As long as they last this morning, 39c each.

Another Price Drive 39c
25 Dozen 75c White Waists

It's a companion value to the above item. White lawn and imitation linen waists; fronts have tucks and lace insertion, others plain tailored, buttoned front and back, made with long sleeves; why, they would be snapped up in a hurry at 75c; we are going to throw them out as a leader. None sent C. O. D.; as long as they last, 39c.

Fine China

From the Potteries of
J. POUYAT, Limoges, France

We are showing in our windows specimens of the five exclusive Brock & Feagans patterns.

This world known brand needs no introduction. Our patterns are of rare beauty, delicate shadings of pink and green, rich dark blue, bronze and all gold.

Every piece is stamped with our name—a guarantee of excellence. We suggest French China for gifts for all occasions. Our No. 4949 pattern is an exquisite shade of green floral design traced with gold and with deep bead gold border. Our usual reasonable prices prevail.

THE CITY IN BRIEF

NEWS AND BUSINESS.

Charitable Donations.

"A Friend" yesterday left \$5 at The Times office for Bethlehem Institution, and in the same name, \$5 was left for the Salvation Army. Another person left \$1 for the latter organization.

Volunteers of America.

Mr. and Mrs. Tom Winter will have charge of the meeting at the Volunteers of America tonight. Mr. Winter will speak and his wife will sing and lead the testimony meeting.

Getting Ready.

The Second and Third Ward Republican Club, which is making elaborate plans for a big banquet at Levy's late this month, will hold an important meeting this evening at room 262, Bulwer block.

Missionary Meeting.

An all-day missionary meeting will be held in the First Congregational Church tomorrow, for which an interesting program has been prepared. Rev. John L. Macle will deliver an address entitled "Up-to-date outlook in Southern California."

Religious Fakers.

Dr. J. A. Henry announces that at his meeting on Friday night, in the First Baptist Church, he will preach upon the subject of "Religious Fakers." There is a prevailing opinion that the versatile preacher has an abundance of material to work with.

Automobile School.

The first session of the day class of the Y.M.C.A. automobile school was held yesterday afternoon, made up principally of business men who drive their own machines, who hope this means to reduce the expense and annoyance of motoring. The course will deal with ordinary troubles and simple repairs, with practical demonstrations, and has been designed to meet the demand of men who do not care to come downtown to attend the evening school.

Among other things he announced that the league now is incorporated. The announcement was made that the league is to give a banquet on Jefferson's birthday, March 13. Members of a committee that is to arrange hotel accommodations at Denver and to make other plans for the attendance of local people at the Democratic national convention in that city in July were named as follows: Thomas E. Gibson, Joseph Simons, Mattison B. Jones and Sam J. Chappel, secretary of the league.

SCRIP GOING OUT.

Clearinghouse Cancels Quantity and Banker Predicts All Will Be Re-

Between \$400,000 and \$500,000 in scrip is still in circulation, according to J. A. Graves, president of the Los Angeles Clearinghouse Association. Yesterday the association cancelled about \$400,000 worth of the emergency currency, and reports were received that only about \$1,700,000 worth still was uncanceled. Of this amount about \$1,200,000 worth is held by the local banks, which, while keeping it in their vaults, are not using it, or passing it into circulation.

"I expect that practically all the scrip will be out of the hands of the general public by the first of March," said a banker yesterday. "It is being retired rapidly; most of the banks now paying every check in coins or currency. Some scrip is kept on hand for an emergency, but little is used." The public is peculiar, remarked another banker. "Before the Clearinghouse Association issued the paper currency everyone was dreading it almost as much as he would the plague. Now many prefer the paper money to the silver. Among the latter class are the merchants, who say the people spend it more freely than they would the bank notes, or gold, as they seem to unconsciously want to get rid of it."

Considerable quantities of the scrip are held by outside banks. It is scattered in nearly every large town in Southern California, where it has been accepted at face value.

CLEVER STUDENT ACTORS.

Junior Class of University of Southern California Pleasingly Presents

Amusing Play.

"A Difficult Romance," "take-off" on Maude Adams' "Quality Street," was presented by the junior class of the University of Southern California last evening before an appreciative audience.

Stephen Clark took the principal role, and did it justice. Miss Marguerite Pratt, as Phoebe Sparrow, displayed unusual ability. Adela Stoker, as the old maid, received much favorable comment. Miss Laura Sheets, as Sarah Sparrow, displayed special interpretative ability. Henry Butler acted pleasingly, and Stan Burek, erstwhile football hero, made a "fetching" lieutenant.

First Great Lawn Waist Sale
Offering 3000 New 1908 Waists

At One Price \$1.95

EVERY WAIST WORTH FROM \$1.00 TO \$2.00 MORE. THE MOST EXTRAORDINARY VALUES THAT WE EVER GAVE AS A PRELIMINARY OPENING OF SEASON SALE, ECLIPSING ALL FORMER WAIST SALES.

THE REASON—During the panicky times in New York and throughout the entire East, not a single merchant in the large cities allowed their buyers to place orders for spring delivery.

THE RESULT—Hundreds of manufacturers in New York, Philadelphia and Baltimore (the largest waist manufacturing centers) were caught with enormous stocks of material, anticipating a normal if not an increased demand. They must keep their help busy at any cost, so made up thousands of dozens during October and November in a vain hope that the financial cloud would lift.

OUR STRATEGY—Our buyer, Mr. G. I. Jacoby, reached the markets on Dec. 6th, when most of the larger manufacturers were clamoring for orders—offering all kinds of concessions for immediate cash. They got—and we took the discounts—sometimes 25 per cent, and often 33-1/3 per cent. off.

Our Purchase of Over \$20,000.00 Worth of Lawn Waists will be placed on sale from time to time at the most remarkable Bargain Prices that we ever heard of.

The First Big Lot at \$1.95—Scores of pretty patterns to choose from.

\$1.50 NEW AUTO VEILS 69c
All new spring shades; full 2 1/2 yards long; hem-stitched ends; the best quality silk chiffon; better lay in your spring supply early.

\$5.00 COQUE BOAS \$2.45.
Just two dozen of them; nearly all 2 yards long; come in white, gray and brown; for a quick sale at \$2.45.

35c SLEEPING GARMENTS 25c.

DRY GOODS
Beautiful Undermuslins
Reduced 1-3 to 1-2
Special selling of muslin underwear samples will continue until every garment is gone, and, judging by the way they were taken Monday and Tuesday the best will not last much longer than today. No duplicate among them, only one of a kind. It's no common underwear, either, mind you. Every garment is made of the best materials and trimmings that money can buy. Chemise, Corset Covers, Drawers, Skirts and Slips.
Prices range from \$1 to \$22.50 a garment, and are on average a third to a half less than actual value.

Woolens for Spring Gowns
You can choose the materials for your spring or summer gown with every assurance that the styles shown you are authentic and established, correct.
THE WOOLENS stripes predominate from little hair-ribbons to a half-inch wide; two, three and four toned effects as many of a single color scheme, with the stripes indistinctly in the weave, are much in demand. Plain serges and broadcloths are in high favor for street or afternoon dresses, as are the new Angora suitings, the latter in novelty stripes.
Greens and blues in all their variations are prime favorites, greens, tans, ecru, and cream colors strong seconds.
Styles at 85c, \$1.00, \$1.25, \$1.50, \$2.00 and \$2.50 a yard.
WEST SILKS—Tussahs, Pongees, Mandarins, and a host of other entirely new loom effects in the coarse woven, ribbed silks promise to be extensively used for spring occasions.
Every thinkable shade is here from the dark navies to the delicate blues and old rose tones. And aside from being fashionable silks on the market, these possess the element of safety; they will not cut or crack or wear slick or shiny.
Guaranteed. \$1.10 to \$1.75 a yard.

That Piano Now
Selling Out Sale of Pianos
Opportunity of a Lifetime
For almost nothing when the make of the piano is considered. In this lot we offer Steinway, Chickering, Sohmer, Krantz, & Bach, Haddell, Fischer, Kurtzmann & Bach, Hamilton, and others. The prices range from \$185 to \$250, \$250, \$350, etc. The little use these pianos have had amounts to nothing. It is just the opportunity you have been waiting for.
Don't forget that our easy plan of payment prevails on any instrument bought in this sale. If you cannot afford to pay all cash don't let that stand in the way of taking advantage of the great bargains we offer you—come in and talk terms with us.

Pipe Organs \$450 to \$750
We offer Vocalian and Reed Organs at \$450 to \$750. These instruments sell regularly at from \$750 to \$2000. We have just the combination and arrangement for small auditoriums—two manual and pedal base.
Church and Lodge Music Committees take notice of this opportunity on pipe organs. Easy terms on any organ in the house. Come in and test the instruments—our salesmen are always at your command.

HALF MILLION WORDS ON MINDS OF JURORS.

And Sensations Still Crowding Into Murder Trial—War Over Hat Black or White—Prisoner in Hysterics. Dr. Campbell's Bills Up.

BY the time the Corwell murder trial becomes a part of the legal history of this county and State it will prove to be one of the most voluminous ever transcribed in this court. Already there are over 2000 type-written pages of evidence, containing 500,000 words, which the jurors are expected to remember, more or less, to determine the fate of the woman.
It is now asserted that in spite of the effort of the judge to finish the case this week by granting an extra day of trial, it will be well into next week before the prisoner knows her fate.

Photograph of a Scene in the Superior Court Just Before Mrs. Corwell Broke Down Yesterday.

and the most remarkable daylight indoor snapshot ever made in Los Angeles, taken by Rafael of The Times. Estelle Corwell, charged with the murder of George T. Bennett, is the stout woman sitting inside the rail with her hand to her face, while next to her is her cousin, Miss Emma Quinones, who has shown her the greatest devotion during her trial. The bald-headed man in the foreground is C. C. Welch, step-father of the prisoner. The white hat in the center of the table figured in the sensational evidence as an illustration.

"If the truth of every statement made in this trial was to be investigated it would take several years to try this case."
Among the latter for whom Attorney Appel is preparing a rod in pickle is Dr. George W. Campbell, autopsy surgeon for the coroner, and one of the most interesting of the proposed exhibits in the case was piled up on the table in front of the judge yesterday in the shape of scores of warrants drawn against the county by Dr. Campbell for professional services during part of 1906 and 1907, up to last July.
The total of these warrants is \$4770, and one item is a charge of \$200 for testifying in a certain murder trial before Judge Smith. Many of the warrants appear to have been collected from the county through G. M. Arnold, a money lender.
The defense stated yesterday that these warrants would be offered in evidence, upon the termination of the rebuttal by the prosecution, in rebuttal.
Deputy District Attorney Blair, who is ably winding up the prosecution, stated yesterday that he hopes to finish the introduction of evidence to-day, and place experts on the stand tomorrow.
WHITE OR BLACK?
The important question as to whether the defendant was a white or a black hat the night she killed Bennett caused the principal fight between counsel yesterday. Mr. Appel practically charged the prosecution with evading this story of the white hat to discredit the black hat introduced by the defense with two bullet holes in it in support of the contention of the defense that Bennett was shot by accident while trying to prevent Mrs. Corwell from committing suicide.
The testimony of Patrolman James J. Boaz, who was assistant city jailer the night Bennett was shot, was to the effect that Mrs. Corwell did not wear a hat when he saw her, but that she was dressed in white.
Appel moved that the testimony be stricken from the record, and Blair strenuously opposed. Appel spoke of the patrolman as "enemies," and stigmatized the significance of such evidence as "the most dangerous and damnable ever admitted in a court of justice."
Judge Wilbur rebuked the attorney, but the latter cried out to the court: "I appeal to Your Honor that I cannot stand here with the responsibility of defending this girl's life and allow these men to come in here and strike at her without protesting."
Blair again objected, and the judge again rebuked the attorney, saying he would not permit such offensive remarks.

SMUGGLED HAT?
The most sensational evidence of the day was given by Patrolman C. R. Craig, who was on duty as a turnkey the day after the shooting. He stated that two women brought to the jail a suit case, a telescope bag and a package. With Jailer McCauley he opened the package and found a bundle of liquor.

LET'S INDIANS "AMBUSH" IT.

Mexican Shot While Resisting Arrest for Selling Liquor to Indians Has Ingenious Ways.
Two ingenious methods of dispensing liquor to Indians are charged against Ramon Fara, a Mexican arrested yesterday for selling liquor on the Palm Springs reservation, in Riverside county.
One device was to secrete a bottle of firewater under a certain palm and then allow the brave, lucky enough to have the price to "ambush" the tree and secure the bottle. The other was to hang an old coat in a sack and place the bottle in one of the pockets. After the Indian had paid the price, he would be told to go to the hut and take what he found in the coat. The tricks of the trade, however, did not facilitate the escape of the itinerant purveyor. He was captured after a struggle by Special Agent R. S. Connel, who was obliged to shoot the Mexican before he submitted.
Deputy United States Marshal Franklin returned yesterday with the offender, who was taken to the County Jail. His wound was dressed and pronounced trifling. The bullet went through the right shoulder.
Miss Clara True, the plucky Indian teacher near Banning, went before Assistant United States Attorney Mc-

"EXAMINER" CASH GONE.

Youth Employed to Handle It Is Charged With Embezzlement—\$5000 Short.
Frank Carlson, assistant cashier for the Los Angeles Examiner, is charged with embezzlement in a complaint sworn to yesterday by H. Lowenthal, general manager of the paper. It is alleged that he made away with about \$5000 of the Hearst gold. Officers were unable to find the youth, who is but 19 years old. It is said his speculations extended over several weeks.
Carlson, who had been employed several months by the Examiner, bore a good reputation. He lived with relatives on Harvard boulevard. It was part of his duty to handle most of the receipts, having one day of the week to make his deposits.
On Monday he was given money to take to the bank. The cashier alleges Carlson deposited part of the total, but kept out \$500. Entries in the bank books were so changed, it is averred, as to cover up the discrepancies. When the discrepancy was discovered an investigation of the books was made and further shortages were unearthed. It is alleged

NOTHING COMMON ABOUT IT.

This is no common, every-day sort of spite. It is the very acme of highly-cultivated resentment.
"I am naturally a reformer," remarked McEvoy yesterday, "and I think these people should be made to feel pain because of the pain they have caused us."
Mr. McEvoy is not, therefore, an ordinary avenger, and his spite is not ordinary spite. But it is intensely human.
"We are both sore," he remarked, in speaking of the woman he is to marry, and himself. "We were both deceived. They (meaning his erstwhile partner and Mrs. Johnson's first) pretended they were very loving and affectionate. We lavished everything on them, money and everything they needed."
According to McEvoy, the woman against whom his reforming spite is directed was not only a fortune hunter, but a veritable iceberg in female form.
"She married me simply for my money," was the burden of his complaint yesterday. "She knew I had exceedingly rich mining interests in the desert. She had no love, no affection, no nothing. She was cold-blooded. She is liable to fool somebody else. I wish to prevent that, and this may do it."
For a moment McEvoy seemed to feel compassion for the cold-storage wife that was. The weakness quickly passed.

CHURCH LADIES FIND MISS RUBY IN TEARS.

THE enigma of Ruby Casselman, the girl forger, is again before the District Attorney.
A committee of ladies from various churches called upon her yesterday in her cell. They stated that they intended to find out whether Miss Casselman is crazy, a crook or the victim of some strange or uncanny conspiracy—some sort of a brainstorm battle.
They questioned her closely and cross-questioned her.
All they found was tears—and mystery.
The District Attorney is equally puzzled. It seems to the officers a fearful thing to send such a girl to State's prison—but perfectly impossible to find out whether Miss Casselman is crazy, a crook or the victim of some strange or uncanny conspiracy—some sort of a brainstorm battle.
Ruby Casselman is a rather pretty girl of about 23—dark and lithe of appearance—of merely sweet, girlish simplicity.
Two years ago she was found guilty of forgery—pleaded guilty and was placed on probation by the court.
During the period of her probation, she lived at the home of an intimate friend, a Miss Johnson. Never for a day or an hour were they separated until five days before the period of probation was to have expired.
Then Miss Casselman went alone to a big Broadway drygoods house. Her friend left her on some errand. Before they met again Miss Casselman had again committed forgery.
She was rearrested and put in the County Jail—being a probationary prisoner.
The first time she was in jail, two years ago, she seemed to have no appreciation of the danger she was in. She went into court smiling, and looking around the place as though she were a tourist, and the judge and the witnesses and the clerks, bailiffs and newspaper artists all there as part of a big show.

ODD TEARY RECEPTION.

When called upon yesterday by this committee of church women, she was in tears much of the time.
It was an odd reception.
Miss Casselman has arranged her tiny cell like a college girl's room. It is dainty and alluring. A little window garden of her own arrangement peeps in through the bars. Dashing "girl" pictures of the Gibson type (young ladies about nine feet high without any stomachs, but very queenly heads) are posted in effective places around the room. You can hardly believe it part of a jail.
As the reception got so large, she left the jail part and they sat together in the matron's little drawing-room. Miss Casselman received them with all the grace and charm of a trained society girl.
She has that indefinite something called "style" which isn't a matter of clothes, for her gowns are of the simplest, but of her walk and manner—the way she showed them to the door, bowed them out, rose to receive them. It was really quite a charming affair. They say she even wept with a certain charm.
She answered all their questions simply and frankly and tearfully. She cried unrestrainedly.

SAYS DAY IS A BLANK.

THE PUBLIC SERVICE.

SUMMARY OF THE DAY.
The Civil Service Board deplored John R. Haynes last night as chairman of the commission, and elected Dr. D. W. Edelman in his place.

Gen. Adna R. Chaffee qualified for a place on the Board of Public Works yesterday; this morning he will meet with the other commissioners for the first time.

Disregarding the protests of the City Attorney, the Council instructed the City Clerk yesterday to advertise for sale an electric-railway franchise on South Park avenue, between Thirtieth street and Slauson avenue.

Three conflicting reports on the method of selecting Councilmen were presented by one of its sub-committees to the Charter Revision Committee last night.

A jury in Judge Smith's court was selected for the trial of W. S. Skinner's \$5000 damage suit against W. Knickrehm and the William Knickrehm Company, for injuries alleged to have been received by Skinner's four-year-old son.

Judge Monroe granted a nonsuit of \$1000 against Fred Heath, for injuries received by the upset of a funeral hearse last May.

Judge Bordwell scathingly commented on the conduct of Judge H. C. Coe in Mrs. Theodore Coe's suit for divorce on grounds of cruelty.

In the jury trial of J. M. Ybarra, charged with perjury, the prosecution exhibited the statement of testimony in Judge Conroy's court.

The motorman of a Pasadena car, alleged to have endangered the lives of a hundred passengers by losing control of his coach while he threw a man out, will be arrested today.

Mrs. Anna Jones, aged newspaper seller, stated yesterday in the Police Court that she was nearly killed by hoodlums night before last; complaints have been issued.

Despite his excuse in the Police Court yesterday that cows don't give pure milk when it rains, J. B. Jones, dairyman, was fined for having poor milk in his possession.

AT THE CITY HALL.

NEW HEAD FOR CIVIL SERVICE.

HAYNES LOSES CHAIRMANSHIP TO EDELMAN.

Scandal During Frank Reformer's Regime Furnish Material for Grand Jury Investigation—Proposed Amendment to Charter Under Consideration.

At an executive session the Board of Civil Service Commissioners deposed Dr. John R. Haynes as chairman last night, and selected Dr. D. W. Edelman to serve in his place. Milton K. Young, an attorney, was selected as vice-president.

Dr. Edelman's chief qualifications for the place he fills appear to be his success in managing Democratic city campaigns. He has piloted three Democratic candidates for Mayor safely into the executive chair. The charter provides that the Mayor shall appoint Civil Service Commissioners—known to be devoted to the principles of civil service reform. Milton Young, the vice-president, and One Morton, the new commissioner, have distinguished themselves chiefly as also in past political campaigns. Edelman only managed Mayor Harper's last and only campaign.

For his distinguished services during that campaign in the interests of civil service reform, he was given his choice of positions under the administration; he selected to serve on the Civil Service Board. There he stands in the doorway through which all persons desiring places on the civil-service list must pass.

It is the second time that Edelman has received a place on the Civil Service Commission as reward for a successful political campaign.

To the honor of Dr. Edelman he has proved one of the most impartial of all the commissioners who have served on the Civil Service Board. He prides himself that he knows the political game, and that the candidates will not be able to "put one over on him" while he is a member. Through political sources he has secured very leading into almost every department, and he often surprises employees helped before the board on charges of official misconduct by the familiarity he displays with the inner history of their respective offices.

Dr. Haynes's radicalism and extreme partisanship has made his term as chairman one of the most unsatisfactory in the history of the service. Nine months ago an examiner whom Dr. Haynes had selected, and placed in charge of the most important examinations, was dismissed by the board on charges of substituting papers in examinations, the charge being that he was not at all qualified in his position at the head of civil-service lists.

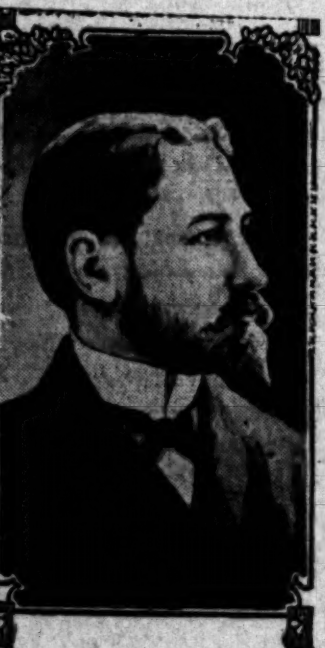

The alleged fraud was detected during Dr. Haynes's absence from the East. The exposure came through Chief Examiner Adams. When Dr. Haynes returned and learned that his favorite had been dismissed, he called Adams before the board in executive session and abused him in such ungentlemanly language that Adams resigned right there, and challenged Dr. Haynes to repeat his assertions.

Rumors of the substitution of envelopes in civil-service examinations reached the ears of the District Attorney, and there has been some quiet investigation on the part of grand jury experts. It is possible that some of the secret history of the discredited Haynes's regime will yet be revealed in the courts.

Mr. Adams was a former civil service examiner for the United States government. He volunteered to assist the city in order that civil service might be established here on enduring principles. All who have served with Mr. Adams, except Dr. Haynes, unite in saying that he is the most efficient examiner the city has employed. Now that Dr. Haynes has been deposed as chairman an attempt will be made to induce Mr. Adams to return to the city's service.

One of the features of the new administration will be a general overhauling of the civil service schedules and rules. The commissioners are now discussing some drastic amendments to the civil service plan as outlined in the charter. The opinion of a majority of the members of the board is that it is a mistake to require the head of a department to prefer and prove charges whenever he desires to dismiss one of the employees under him. Also it has been found to be tedious and in nearly every case unnecessary to hold a trial whenever charges have been preferred by persons other than the heads of departments.

Under the charter in its present form

Dr. D. W. Edelman, new president of the Civil Service Commission.

of whether the charges are sufficient to warrant dismissal if proved cannot be raised, there must be a trial. It is now proposed that a department chief may dismiss any one under him by filing notice of dismissal, with reasons for such action, with the Civil Service Board. Then the board will review the case but will not hold a trial unless the dismissed one can present something tending to show that a wrong has been done to him.

This is the plan followed in all government civil service; it would cut off three-fourths of the extra work of the commission and would make a place on the board less irksome. This amendment may be proposed to the present Charter Revision Committee.

READY FOR ACTION.

GEN. CHAFFEE QUALIFIES.

Gen. Adna R. Chaffee qualified for a position on the Board of Public Works yesterday by taking the oath of office and filing his bond with the City Clerk. This morning he will sit for the first time with the other members of the board for the transaction of business.

Mayor Harper has said that he desires to see Gen. Chaffee made president of the board. In this he is joined by the aqueduct officials. Chief Engineer Mulholland is already arranging to escort Gen. Chaffee on his first trip along the line of the aqueduct.

The chairman of the Board of Public Works, expressed himself yesterday as highly pleased with the selection of Gen. Chaffee for his successor. Mr. Anderson was in court trying a case yesterday morning when the Mayor selected the general to the board and introduced him to his associates on the commission. He is word with the other commissioners that he will be present this morning to greet the new commissioner.

COMMISSION IN DOUBT.

CHARTER REVISION STAGERS.

Three reports from the sub-committee on the manner of electing Councilmen were referred back to the main body of the Charter Revision Committee last night. There was a majority report and two dissenting reports from the committee. The discussion before the general committee soon reduced itself to a red hot debate between Boss Lissner of the Non-Partisans, and Boss Murray of the working delegates.

Boss Lissner wanted to elect all Councilmen at large; and he didn't want the committee to place before the voters an alternative proposition. Boss Murray's plan for ward representation.

Boss Murray announced that the labor unions have taken a vote and decided to support the present system of ward representation; but that there must be a change permitting each ward to elect Councilmen on a population basis. He figures that 2000 voters are about the right number for one Councilman, and that the State law should select three Councilmen in place of one.

The majority report favors a mixture of ward representation and representation at large. It provides that 40 per cent of the Council shall be elected by wards and 60 per cent at large.

Joseph Monahan presented an alternate report. He favors ten wards, with one Councilman from each ward and five Councilmen at large.

The scrap between Boss Lissner and Boss Murray started when Lissner said that he doesn't think the committee should present an alternative proposition. This brought the union boys to his feet in a scolding mood. He wasn't just as good as Lissner's. There wasn't much more to the charter revision meeting after that. Adams promised some one suggested that the question should be referred to the Committee on Laws. The secretary responded wearily that it has been referred there twice already.

The charter revisionists have encountered a real obstacle in the way of submitting alternate propositions. They have discovered that a main proposition and an alternate might both pass. Then, in the words of one of the revisionists, "there would be hell to pay."

TO SELL FRANCHISE.

COUNCIL STILL DIVIDED.

Rejecting the advice of the City Attorney and divided against itself, the Council voted yesterday morning to advertise for sale a street railway franchise on South Park avenue from Thirtieth street to Slauson avenue. This franchise is to replace one that was bought by the Los Angeles Railway Company ten years ago and forfeited through a technical violation of the State law governing the sale of franchises.

City Attorney Hewitt protested against the sale of the franchise from Thirtieth street south without including the portion extending from Fourth to Thirtieth streets. Wallace and Wren sustained the attorney but the other seven legislators voted for the sale of the southern end, saying that they will wait until the cloud is cleared from the title to the northern portion before offering it for sale.

way building in Los Angeles has been eliminated.

MAYOR IS PLEASED.

NOT SO MANY KICKS.

"This has been the most pleasant day that I have spent in office," said Mayor Harper last night. "I have received more words of commendation and fewer kicks or complaints than on any other day. I believe that no other set of mine has received so general approval as the appointment of Gen. Chaffee. I have found that the majority of the people have no more use for the recall as a club than I have. I think the latter will be a salutary one for some of our would-be dictators. They are taking their medicine with a wry face but it will be good for their inwards just the same."

AT THE COURTHOUSE.

ASKS PAY FOR SON'S INJURY.

WAGON RUNS OVER BOY, FATHER BLAMES THE DRIVER.

Now Owners of Vehicle Are Charged With Responsibility in Failure to Prevent Little One from "Catching on"—Mourner Loses Suit for Hurts.

Determination of the legal liability of wagon-owners for accidents to children who are permitted to steal rides by "catching on" in city streets, is involved in W. S. Skinner's \$5000 damage suit against William Knickrehm and the William Knickrehm Company, which went to trial before a jury in Judge Smith's court yesterday afternoon.

Skinner brings the suit as guardian for his 4-year-old son Erwin, who is said to have been disfigured for life and otherwise seriously injured on the street, when a wheel of a wagon, falling over the child's head, inflicted great lacerations in his scalp and face. The accident occurred on the corner of Paloma street, February 3, 1932, by falling under a wagon, a wheel of which ran over the child's head, inflicting great lacerations in his scalp and face. The accident occurred on the corner of Paloma street, February 3, 1932, by falling under a wagon, a wheel of which ran over the child's head, inflicting great lacerations in his scalp and face.

It is charged that while the Knickrehm Company was moving a house on the street, two wagons were being pulled along behind it; that the children of the neighborhood were stealing rides on the wagons, and that the house-movers were negligent in taking no measures to keep the children away.

Ervin Skinner was riding on one of the wagons when he lost his balance and fell under the wheel.

The defendants have filed a total denial of their responsibility for the accident.

MOORNER LOSES.

NO DAMAGES FOR SPILL.

Miss Grace E. Allen yesterday lost her \$1000 damage suit against Fred Heath, a Long Beach liverman, before Judge Monroe, the court granting Heath a nonsuit on the grounds of contributory negligence.

Miss Allen was one of a party of five mourners riding in a hack in a funeral procession, May 13 last, from Long Beach to Sunset cemetery. The hack was wrecked by a car driven by G. G. Rhea. Outside the city, while going downhill, the horses ran away from the back of the hearse, and Miss Allen's leg was broken in the fall. She sued Heath on the ground that the hack was not provided with proper brakes, that the horses were wild and unfit for driving, and that the driver was unskillful and negligent.

The judge, however, found that when the horses started to run, a member of the funeral party grabbed one of the reins, so that the driver was unable to guide the team, and because of this interference the upset occurred.

SCORES DEFENDANT.

JUDGE BLAZES OUT HOTLY.

Judge Bordwell blazed forth in a most human manner yesterday at the wind-up of the divorce suit brought by Mrs. Theodore Coe against Judge H. C. Coe, on the ground of extreme cruelty. It had been shown by the admissions of Coe himself that he had conspired with a high officer of the Illinois Central Railroad to turn his sixteen-year-old daughter over to the lustful desires of this man to forward Coe's promotion.

The conclusion of the evidence, Judge Bordwell granted the decree, and, turning to Coe on the witness stand, cried in tones of the utmost disgust:

"Such men as you are a nauseating stench in the minds of all decent people. Mrs. Coe was the fourth wife of the man who acknowledged his perjury."

CRUELTY CHARGED.

FIGHT IS OVER PROPERTY.

Mutual charges of cruelty were laid before Judge Houser yesterday by Mrs. Eva Wiggins and W. W. Wiggins, a Southern Pacific car inspector, No. 435 South Griffin avenue, when Mrs. Wiggins's forces suit went to trial before Judge Houser. The suit was for about \$5000 worth of property in California and Montana, which each claims entirely.

Wiggins says his savings were given to his wife, who invested them in property in her own name, and she decided this property to her mother, who willed the estate to her daughter at the mother's death last June. He charges that his wife conspired with her mother to get the property in this way and then to turn him out and divorce him.

Mrs. Wiggins, her son, and other witnesses testified at length regarding Wiggins's cruel treatment of his wife since their marriage in Pennsylvania in 1928.

It was stated that in Montana he insisted that his children go out in bitter cold weather to sell newspapers at night, and that in 1930 he tried to choke his wife to death. Other testimony regarding the man's habits was given.

RECORD ADMITTED.

PROSECUTION CLOSES CASE.

Strenuous efforts yesterday by counsel for J. M. Ybarra, on trial in Judge Conroy's court for perjury, because of testimony given by him in the Armas divorce case, were ineffective to prevent the introduction of the court records of Ybarra's testimony in the previous trial.

Miss Beatrice Armas testified that Ybarra's statements were false. On cross-examination, she admitted she had told Judge Smith that both men were once in her room at a lodging-house, but she said the statement was due to her confusion of a previous time, when she was said by them to have become intoxicated in their company.

FOUND GUILTY.

A jury in Judge James's court yesterday afternoon brought in a verdict of guilty against A. Hernandez, a Mexican, accused of assault with a deadly weapon on Fred Rivera, October 20 last. Hernandez will be sentenced Saturday morning.

The evidence showed that while Rivera was engaged in using a telephone at his home, No. 732 San Fernando street, Hernandez stopped in front of the house and began cursing him. Rivera went out and ordered Hernandez to go away. Thereupon Hernandez drew a knife and stabbed Rivera in the chest and in the back, the knife penetrating his lung.

It appeared that Hernandez was drunk at the time, and that this fact was prominent in his defense, as the two men had not been on bad terms previous to the affray.

COURTHOUSE NOTES.

BREVITIES MISCELLANEOUS.

LEAVES LARGE ESTATE. Asking the administration of the \$134,000 estate of his father, Thomas G. Otis, who died early in February, leaving no wife, George A. Otis yesterday filed in the Superior Court a petition for letters of administration. The heirs are G. A. Otis, W. L. Otis, T. G. Otis, sons, Mrs. Margaret Williams, a daughter, and Mrs. Ella F. Otis, widow. The estate includes a 200-acre ranch in San Bernardino county, and the forty-acre Highgrove orange ranch at Riverside.

PLAINTIFF WINS. Morris Berkowitz was yesterday awarded \$3000 damages by the jury in Judge Smith's court in his suit against C. A. Willard and Frank Katten to recover \$24,000 damages for failure to give him a ten-year lease on a cigar stand at No. 236 South Spring street.

HEAVY MORTGAGE. William M. Cameron and Mrs. Katherine C. Cameron have given to the Southern Pacific Company a three-year mortgage for \$100,000 on the Le Grand block, Spring street, and the southwestern half of city block 12.

RECEIVERS APPOINTED. Judge Monroe yesterday appointed J. H. Babcock and N. Blackstock receivers of the West Side Bank on the application of Atty.-Gen. Webb.

BLOW GOTLY. Judge Monroe yesterday awarded \$100 to George W. Gilbreth in his \$200 damage suit against G. W. Darby for a blow by Darby in Gilbreth's face following an altercation last May over a bill which Darby was trying to collect.

FILES WILL. William Forbes, executor under the will of James Forbes, who died in Pasadena, February 19, leaving a \$23,500 estate to his children, yesterday filed the testament for probate in the Superior Court.

ENOJNS STREET WORK. Honora Mahar, owner of a Canal street, Sixth street, yesterday filed in the Superior Court a suit against J. O. Stanford, contractor, and Street Superintendent R. McCoy to enjoin Canal street improvement work on the ground of illegality.

THREATS CHARGED. Joseph Chanda, Summit avenue, Pasadena, gave bond yesterday in Justice Sumner's court for his later appearance in court on charges of threats to kill, filed by Miss Carrie Lehman, Laramida Park, following a dispute between them over property interests.

INCORPORATIONS. Articles of incorporation were filed with the County Clerk yesterday by the Terrill Company, a capital stock of \$75,000, the Building Company, \$10,000, and the Pacific Information Bureau, capital stock \$75,000.

SUES FOR DEATH. Mrs. Theresa Ellenbogen, mother of Louis Ellenbogen, who died shortly after the Honda wreck on the Southern Pacific last May, as a result of injuries sustained then, yesterday filed in the Superior Court a suit for \$50,000 damages.

TAXES INVOLVED. The Rice Ranch Oil Company yesterday filed in the Superior Court a suit against the city of Los Angeles to recover \$2320 taxes paid under protest on its State franchise, valued at \$200,000.

MANY SUE. Eight damage suits, aggregating \$58,334, by victims of the gas explosion at Nos. 114 to 116 West Second street February 13, 1937, were filed in the Superior Court yesterday by Attorney J. L. Anderson. Gas and Electric Company, Charles J. Blumenthal asks \$25,000 for alleged permanently disabling injuries; and for serious injuries Miss Katherine Shea, \$10,000; Max E. Rotman, \$10,000; Harry Warren, \$7000; Miss Sylvia Cowan, \$2500; Miss Cora Ralston, \$1500; Henry Conroy, \$2000; while Alfred H. Wilcox and others, owners of the Wilcox building, ask \$500 for damage done to that structure. Rotman, a former employee of the corporation, says the gas was ignited from the defective flash light with which he was making an official inspection of the gas leak.

WHY WOMEN SUFFER.

Every Picture Tells a Story

Women have so much to go through in life that it is a pity there is so much needless suffering from backache, headache, dizziness, languor and other common aches and ills of kidney complaint.

Doan's Kidney Pills have brought new life and strength to thousands of women afflicted in this way.

They have so much indoor work to do, so much lifting, bending and stooping, they are bound by custom to tight, heavy clothing. They get little outdoor exercise, and any little cold may bring on a kidney weakness.

Don't worry if you feel tired and dragged out—if you have backache and bearing down pain, headache, dizzy spells, faintness and lack ambition. Don't think it's some trouble peculiar to the sex. Men suffer in the same way when they have kidney trouble.

Ask yourself this question: "Are my kidneys well?" The condition of the kidney secretions may give you an answer. If there is a brick-dust sediment, or a stringy settling in the urine; if passages are frequent and copious, or if there is a time to burn, it is time to buy Doan's Kidney Pills. Delay may mean Bright's disease or worse.

Doan's Kidney Pills are a medicine for the kidneys, and they affect the bowels very little. There is not a purgative in them—just the kidney pills that nature intended to go by default.

TO THE PUBLIC

I RECENTLY interviewed an advertising specialist and asked his views regarding financial advertising. I told him we had decided to issue some 7 per cent preferred stock, paying quarterly interest. I also said we are an old established concern with factories in Washington, Oregon and California, and that our product of staves, headings and barrels are staple necessities. The earnings of this company, said I, are not prospective, but REAL—NET. COIN—NOW.

We desire to extend our trade with the new capital in question. I told him this 7 per cent interest-bearing stock would be issued in certificates of \$100 face value, and that 7 per cent was as much interest as a careful investor would consider.

He said: "On your proposition I can tell you what NOT to do, better than what to do to gain the capital required. You are, as you say, an old established concern. Your operative earnings NOW are twice over the interest you will pay on this preferred stock. Your goods are staple requirements, needed at all times. You have large timber holdings, growing into money three hundred and sixty-five days a year, and this valuable crop needs no cultivation.

"But, my friend," said he, "you cannot gain the interest of the average investor with your proposition. It is developed. It is a sure thing. The people do not want this sort of investments. They desire you to tell them about enormous prospective dividends and how fast their investment will double in value. They must have wide scope for imagination. Their instinct for gambling should be brought into play."

Now, I believe his statement was given in good faith, but I also believe it was largely based upon his personal past experience, and THAT ALONE cannot be relied upon.

I believe there are thousands of people anxious to invest from \$100 up in a proven enterprise, and that is why you are offered this opportunity. I cannot bring myself to think that the average American citizen is the "get-rich-quick" kind. I do believe the greater number are endowed with sober judgment of high order.

There are many high-grade enterprises in America, but YOU do not always have the opportunity to get in with them.

I offer you safe and constant income. I shall be glad to meet prospective investors, and all correspondence will have my personal attention.

AD OF JAPS IS WELCOMED.

COMMITTEE ACCEPTS OFFER TO
HELP GREAT FLEET.

Brown Men Praised for Their Magnanimity—Plan Now to Distribute Warships at the Various Los Angeles Ports—Neighboring Towns to Be Asked to Contribute Funds.

The American-Japanese rapprochement was the feature of the meeting of the Fleet Committee in the Council chamber yesterday afternoon. The Japanese offer to help entertain Rear-Admiral Evans and his bluejackets, was accepted "in the spirit in which it was made." The members of the committee considered that the voluntary offer of the Japanese, coming at a time when the relations between the two powers are a trifle twisted, to say the least, was so "extraordinarily magnanimous and praiseworthy" that they passed a special resolution dealing with the matter.

This action of the little brown men is expected to have its quickening effect on the raising of funds from the white population. The Japanese are very thorough when it comes to collecting money. The work done by the Japanese in this connection is beneficial to the Finance Committee, for whom W. M. Garland, in the absence of Chairman W. D. Woolwine, reported that it had appointed sub-committees, districted the city and decided on the plans by which systematic and concerted work toward raising the needed funds will begin today. The committee also suggested that outlying towns be asked to contribute.

Gen. H. G. Otis moved, and it was unanimously adopted, that the Committee on Neighboring Towns, of which Gen. Frank C. Prescott is chairman, be directed to include the matter of financial assistance in this work, with the understanding that these municipalities will be given proper representation at the banquet, ball and other functions in this city. A motion by A. L. Selig was adopted, giving the committee power to appoint a representative in each outside municipality to act on behalf of the Fleet Committee.

Taking its cue from Chairman M. H. Flint, the Committee on Entertainment of Men has been working with great energy, and Mr. Flint was able to report rapid progress in arranging the details of the four-day harbor and sports celebration at Chutes Park. He stated that the Los Angeles Railway Company had voluntarily agreed to exceed its original offer to furnish 500 free tickets for the use of the sailors on the city cars, and will carry all in full uniform free of charge.

Chairman Flint urged the women's organizations be enlisted in the work of serving the barbecue to the sailors. Several hundred volunteer waitresses will be needed each day.

On motion of Gen. Otis the Fleet Committee unanimously voted an expression of its appreciation of the great energy shown by Chairman Flint and his committee in the work of arranging the celebration.

In order to arrange for turning travel from near and distant points to Los Angeles, three new committees were appointed. One, the Committee on Excursions, is expected by the committee to be the most important, which is called the Committee on Neighboring Cities, will enlist the cooperation and financial assistance of outside towns in entering the harbor, while the other, on decorations, will supervise the proper adornment of the city streets and business houses.

Mayor Harper, with the approval of the members present, named these new bodies as follows:

Committee on Excursions—Maj. J. H. Norton, chairman; M. Ray, C. M. G. Sullivan, J. Joyce, Joseph Melcher and J. M. Gulan.

Committee on Neighboring Cities—Gen. Frank C. Prescott, chairman; J. M. Schneider, D. W. Bewick, James E. Brockway and Stanley B. Wilson.

Committee on Decorations—William M. Humphreys, chairman; F. C. Mulquoney, C. D. Wilbur, A. H. Woodbine and J. W. Vaughan.

Frank Wiggins suggested the appointment of a Committee on Foreign Publicity, stating that the Chamber of Commerce has received a large number of communications from outside points asking about the Los Angeles celebration.

The important subject of the distribution of the battleships was brought up by M. H. Flint, who moved that the committee go on record immediately in favor of a distribution of the warships among the various beach towns.

The committee unanimously adopted a resolution that Admiral Evans be formally requested to distribute the battleships to Long Beach, San Pedro, Redondo, Venice, Ocean Park and Santa Monica.

Lieut. Randolph Miner advocated the appointment of a committee to make a comprehensive investigation of landing and transportation facilities at all beach points, so that a definite plan for distribution of the ships, with maps and charts, might be submitted to Admiral Evans before arrival off the coast of Los Angeles. Lieut. Miner was delegated to gather and submit data on this subject.

Rapid progress in arranging the details for the banquet, ball and public reception was reported by Joseph Scott, in the absence of Gen. Adna R. Chaffee, chairman of the Committee on Entertainment of Officers.

Capt. E. J. Louis urged the members of the committee to forward their nominations for invitations to the banquet and to the ball to the committee on the invitation committee, No. 223 Wilcox building.

Each member of the Fleet Committee is empowered to propose the names of two gentlemen to be invited to the banquet, and ten gentlemen to be invited to the ball, these nominations to be passed upon by the invitation committee.

Four additional members were added to the Fleet Committee by appointment of Mayor Harper as follows: Maj. J. H. Norton, Park Commissioner William M. Humphreys, Lieut. L. W. Woodier, and Dr. W. C. Nichols.

The meeting, which was presided over by Gen. Robert Wankowski, adjourned to the call of the Mayor.

JOY TURNS TO WOE.

Chinaman Robbed of Celebration Money and Beaten Insensibly by Two Highwaymen.

Lum Sing was beaten insensibly at 8 o'clock last night by two highwaymen, who robbed him of \$10. An hour later he was discovered in a dazed condition, sitting on the curb at Jackson and Vignes streets. The police took him to the Receiving Hospital. He sustained four wounds, evidently made with a sharp instrument, and a contusion on the back of the head.

Sing was on his way to the New Year's celebration in Chinatown. Two men who had followed him for several blocks overtook him about fifty yards from where he was found. They grabbed him and threatened to kill him if he made an outcry. When he shouted for help he was knocked down and his money bag taken. He was unable to give a description of the men.

FRANKLIN

Cut out that water-cooling weight.

Every bit of water-cooling weight takes power to move it. Takes gasoline—that's money. Wears out tires—a lot more money. And the mass of complicated parts keeps your car going to the repair shop—still more money. And delay besides.

The light-weight Franklin gives you full use of your power and keeps your expenses down.

It avoids all the excess weight of a water-cooled car.

Anyhow water-cooling won't let the jacket get hot enough (350 degrees) for the engine to do its best work—because water boils at 212 degrees.

Do you understand this feature? It is worth looking into.

Come in and let us tell you about it. An hour's ride in a Franklin will tell you more than we could describe in a hundred pages.
